The investment policy of the Municipality is aimed at gaining the optimal return on investments, without incurring undue risks, during those periods when cash revenues are not needed for capital or operational purposes. Deposits shall be made only with registered deposit-taking institutions. (See 5 Above)

Such investment shall be made against the bank account maintained for the external finance fund, and shall be accumulated and used only for the redemption of such loan on due date. The making of such investment shall be approved by the Council at the time that the loan itself is approved.

If the accrual of interest to the external finance fund, unutilised capital receipt and trust funds results in a surplus standing to the account of any such funds, that is, an amount surplus to the resources required in respect of such funds or accounts, such surplus amount shall be credited by the Chief Financial Officer to the Appropriation Account.
